SECTION TWO

FISCAL YEAR 2019-2020

Nursing Education Program Summaries

The ND Board of Nursing requires each approved nursing education program to submit a comprehensive annual report. All annual program data submitted is reviewed and evaluated for compliance with *NDAC Article 54-03.2 Standards for Nursing Education Programs*. Required data submitted by program nurse administrators for the comprehensive annual nursing education report aligns with U.S. Department of Education requirements for ND Board of Nursing recognition as a nationally accredited agency for approval of nurse education in North Dakota.

According to *NDAC Section 54-03.2-07-09 (2a.)* ND Board of Nursing approved nursing education programs are reevaluated at a minimum of every five years to ensure compliance with the standards for nursing education. A program that holds national nursing accreditation may seek the Board's approval through a paper survey process if the program received full approval following an onsite survey of no more than five years prior, if quality indicators remain constant as evidenced by the information provided in the NDBON Annual Nursing Education Report submission, and NCLEX pass rate for first-time test takers has remained above 80% in three of the last four years. If a program does not hold national nursing accreditation, an onsite survey is required every five years. Survey information and Board related actions are described in this section of the report.

Statistical data detailed in this report includes each nursing education program's: 1) Progress toward achievement of stated program objectives 2) Qualifications and major responsibilities of the nurse administrator and each faculty member 3) Current enrollment by class and student-teacher ratios 4) Number of admissions per year for the past five years 5) Number of graduates per year for past five years 6) Curriculum plan 7) Descriptions of resources and facilities, clinical areas and contractual arrangements.

A table within this report provides comprehensive information regarding practice facilities utilized by each of the programs. Performance of students on state board examinations is monitored by the ND Board of Nursing quarterly through NCLEX® reports provided by National Council of State Boards (NCSBN®) Pearson VUE Reports. The past five-year NCLEX® statistics are included in the report. The report also includes quarterly data submitted by programs utilizing *NDAC 54-03.2-04-08.1 Faculty Developmental Program* during the fiscal year. The Faculty Developmental Program rules allow programs with Board approval to utilize baccalaureate prepared faculty who are continuously enrolled and progressing in a graduate nursing education program. Programs may have up to fifteen percent of faculty full-time equivalents or one faculty full-time equivalent for a program with seven or fewer faculty who are academically unqualified per NDAC.

Each nursing education program is required to submit a current academic year course catalog. This report includes information throughout that verifies the collection of a current academic year course catalog from each of the nursing education programs. Information verified using the course catalog and referred to within the report includes but is not limited to national nursing accreditation, student and academic policies, clinical policies including immunization, background check policies, courses, library resources and admission, progression and graduation policies and curriculum design.

A student handbook or program brochure that includes student policies for selection, progression (promotion) and graduation was provided with each program's annual report data and policies and procedures were reviewed and verified. Each program also provided an explanation of the way the program safeguards student health and safety within their report submission and procedures for the safety and wellbeing of enrolled students was reviewed and verified. Finally, each program submitted yearly fiscal budget information that was reviewed for comparison with the most recent survey report and programmatic change requests as applicable.

The following narrative includes budgetary details provided by each program and program related Board actions for the fiscal year including major programmatic changes and notifications, innovative nursing projects, program surveys and/or compliance reports. To request further information, please contact the ND Board of Nursing at contactus@ndbon.org.

Major Programmatic Change Requests and Notifications in compliance with NDAC 54-03.2-06-02:

- July 2019 the Board reviewed a notification from Rasmussen College, School of Nursing Vice President, Dr. Joan Rich regarding a change in Nurse Administrator for the Baccalaureate Program, Fargo, ND. Dr. Erica Evans resigned her position effective June 14, 2019. Dr. Georgia Vest will serve as Interim Nurse Administrator until a qualified candidate is hired.
- October 2019 the Board reviewed a notification from Rasmussen College, School of Nursing, Vice President, Dr. Joan Rich regarding a change in Nurse Administrator for the Baccalaureate Program, Fargo, ND. Dr. Audrey Charchenko was appointed to the position as of October 1, 2019.
- January 2020 the Board reviewed a notification from Rasmussen College, School of Nursing Vice President, Dr. Joan Rich regarding a change to the name of the institution to Rasmussen University. The name change will be effective October 2020.

Program Survey/Compliance and Progress Reports:

- July 2019 the Board found the Rasmussen College baccalaureate degree nursing education program in substantial compliance with NDAC 54-03.2. Standards for Nursing Education Programs and granted continued initial approval of the program until July 2020 and required an onsite survey in May 2020.
- April 2020 the Board approved the NDBON staff request for an extension of continued initial approval through October 2020 and change to the onsite survey date for the Rasmussen College, School of Nursing, Baccalaureate Degree Program due to state emergency restrictions in place related to the COVID-19 pandemic.

Budget Overview:

- *Overall Total:* \$563,000. Salaries: \$365,000. Operations \$188,000. Capital expenditures \$10,000.
- This is the third FY budget figures provided by the program, since the program was granted initial approval in July 2017.

Comments:

In January 2017 Rasmussen College, School of Nursing submitted required documentation for review in support of opening a new baccalaureate nursing education program at the College's Fargo, ND campus. An onsite survey was conducted by ND Board of Nursing staff in June 2017 and the program was granted initial approval by the Board July 2017. Compliance and progress reports submitted each FY have demonstrated alignment with proposed plans and adequate resources to achieve program outcomes. An onsite survey for continued initial approval and consideration of full approval was postponed until fall 2020 due to the pandemic.

SITTING BULL COLLEGE

Programs: Associate of Science Practical Nurse (ASPN) located in Fort Yates, ND.

Nurse Administrator: D'Arlyn Bauer, PhD, RN

Major Programmatic Change Requests and Notifications in compliance with NDAC 54-03.2-06-02:

- October 2019 the Board approved the NDBON staff request for an extension of approval through January 2021 for the Sitting Bull College, ASPN Program to accommodate the change to quarterly Board meetings as the program has full approval and is in substantial compliance with ND Administrative Code 54-03.2. Standards for Nursing Education Programs.

Program Survey/Compliance Reports:

- July 2019 the Board found the compliance report submitted by Sitting Bull College, Division of Nursing, associate degree practical nurse program nurse administrator addressing the issue of partial compliance with NDAC 54-03.2-02-06. Financial Support partially met the standard; and found the program in substantial compliance with NDAC 54-03.2; and continued full approval until November 2020 as granted November 19, 2015 and required an onsite survey fall 2020.
- The most recent ND Board of Nursing program survey was an onsite survey conducted in November 2015, with the Board granting continued full program approval through November 2020. That approval was extended through January 2021 this FY to accommodate a new Board meeting schedule. The next program survey is scheduled to be onsite in fall 2020.

Budget Overview: The ASPN program is funded primarily through grants. The Native American Career and Technical Education Program [NACTEP] grant provides most of the funding for salaries and supplies. Additional funding comes from Title II, general funds, academics, student fees, and the state of North Dakota through the Higher Education budget for the Nursing Consortium.

- *Overall Total:* \$131,702. Salaries: \$121,833. Operations \$9,869. No capital expenditures reported.

Comments:

The most recent program survey in November 2015 revealed the need for additional support staff and faculty to ensure program sustainability and promote growth. Although open positions have been advertised since fall 2016, there has been limited success with hiring additional faculty. A succession plan completed by the nurse administrator FY 2016-2017 included planned retirement dates for the current nurse administrator and faculty member. Pending retirements will require the program to secure qualified individuals by Spring 2020, or the College will face difficult decisions regarding continuation of the program in the future.

UNIVERSITY OF JAMESTOWN

Program: Bachelor of Science in Nursing (BSN) located in Jamestown, ND.

Comments:

Concordia College, Moorhead, MN is a distance nursing education program that has requested and received in-state approval from the NDBON since 2005. The program has been approved by the ND Board of Nursing thus has not been required to seek Distance Nursing Education Program Recognition. As a program approved through the in-state survey process, Concordia College-Moorhead, MN has been required to submit annual program data to the ND Board of Nursing to verify continued compliance. Following the most recent onsite survey conducted fall 2019, the program will transition from the in-state approval process to the out of state recognition process for student clinical practice placements in ND healthcare facilities beginning with academic year 2020-2021. Concordia College is also approved by the Minnesota Board of Nursing.
